October 23, 2008

Donald J. Patterson III
15 Windjammer
Irvine, CA 92614

Dear Mr. Patterson III:

This is the final response to your Freedom of Information Act (FOIA) request to the U.S. Customs and Border Protection (CBP), dated September 26, 2007, seeking information relating to you in the Automated Targeting System (ATS).

A search of the CBP, ATS database has produced 19 pages responsive to your request. Of those pages, CBP has determined that certain portions of the enclosed documents are exempt from disclosure pursuant to Title 5 U.S.C. § 552 (b)(2)(low & high), (b)(6) and (b)(7)(C).

Exemption 2(low) exempts from disclosure records that are related to internal administrative personnel matters to the extent that the information is of a relatively trivial nature and there is no public interest in the document.

FOIA Exemption 2(high) protects information applicable to internal administrative and personnel matters, such as operating rules, guidelines, and manual of procedures of examiners or adjudicators, to the extent that disclosure would risk circumvention of an agency regulation or statute, impede the effectiveness of an agency's activities, or reveal sensitive information that may put the security and safety of an agency activity or employee at risk. Whether there is any public interest in disclosure is legally irrelevant. Rather, the concern under high 2 is that a FOIA disclosure should not benefit those attempting to violate the law and avoid detection.

FOIA Exemption 6 exempts from disclosure personnel or medical files and similar files the release of which would cause a clearly unwarranted invasion of personal privacy. This requires a balancing of the public's right to disclosure against the individual's right privacy. [*The types of documents and/or information that we have withheld may consist of birth certificates, naturalization certificates, driver license, social security numbers, home addresses, dates of birth, or various other documents and/or information belonging to a third party that are considered personal.*] The privacy interests of the individuals in the records you have requested outweigh any minimal public interest in disclosure of the information. Any private interest you may have in that information does not factor into the aforementioned balancing test.
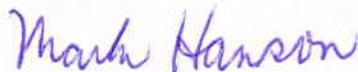

Exemption 7(c) protects records or information compiled for law enforcement purposes that could reasonably be expected to constitute an unwarranted invasion of personal privacy. This exemption takes particular note of the strong interests of individuals, whether they are suspects, witnesses, or investigators, in not being unwarrantably associated with alleged criminal activity.

That interest extends to persons who are not only the subjects of the investigation, but those who may have their privacy invaded by having their identities and information about them revealed in connection with an investigation. Based upon the traditional recognition of strong privacy interest in law enforcement records, categorical withholding of information that identifies third parties in law enforcement records is ordinarily appropriate. As such, I have determined that the privacy interest in the identities of individuals in the records you have requested clearly outweigh any minimal public interest in disclosure of the information. Please note that any private interest you may have in that information does not factor into this determination.

Exemption 7(e) protects records compiled for law enforcement purposes, the release of which would disclose techniques and/or procedures for law enforcement investigations or prosecutions, or would disclose guidelines for law enforcement investigations or prosecutions if such disclosure could reasonably be expected to risk circumvention of the law. I determined that disclosure of *[SPECIFY i.e., law enforcement systems checks, manuals, checkpoint locations, surveillance techniques]* could reasonably be expected to risk circumvention of the law. Additionally, the techniques and procedures at issue are not well known to the public.

You have the right to appeal the above withholding determination to the FOIA Appeals, Policy and Litigation Branch, U.S. Customs and Border Protection, 1300 Pennsylvania Avenue NW, Mint Annex 5th Floor, Washington, D.C. 20229. Your appeal must be made in writing within 60 days after the date of this notification. Both the front of the envelope and the appeal letter should contain the notation "Freedom of Information Act Appeal". Please notate file number 2008F3617 on any future correspondence to CBP related to this request.

Sincerely,

Mark Hanson

Mark Hanson
Director, FOIA Division
Office of International Trade
